

Shaukat Ali

Functional Consultant & Executive Leader

Finance & Accounting Qualified | 20 Years of Enterprise Experience

EXECUTIVE BIOGRAPHY

Shaukat Ali serves as a senior Functional Consultant at FGI Tech Solutions, bringing over two decades of deep industry mastery across finance, accounting, and complex manufacturing domains. He possesses an exceptional track record in structuring and leading full-lifecycle ERP system implementations tailored precisely for commercial retail, large-scale trading enterprises, and diversified manufacturing sectors.

Highly skilled at turning raw business data into precise strategic decisions, Shaukat drives operational value through clean data analysis frameworks, advanced automation deployments, and objective performance evaluations. By bridging the gap between real user requirements and robust technical customization, he ensures that Microsoft Dynamics 365 Business Central environments integrate effortlessly into daily routines—handling everything from sophisticated financial reporting, inventory tracking, and cost costing to clear operational dashboards.

CORE EXPERTISE AREAS

- Microsoft Dynamics 365 Business Central
- Advanced Costing & Inventory Flows
- Enterprise Automation & Dashboarding
- Full-Lifecycle ERP Architecture
- Financial Framework Optimization
- User Requirement Structuring
