Inspection &
Asset Management**

**Construction
Management**

**Operations &
Program Management**

**Strategic Partnership
& Business
Development**

CAREER HIGHLIGHTS

- ✓ **10+ years** of experience in civil engineering, construction management, and infrastructure projects.
- ✓ Proven track record in leading multi-disciplinary teams in **large-scale infrastructure projects** including Jakarta MRT Project.
- ✓ Entrepreneurship drive with the establishment of two companies and leadership in a **deep-tech startup** focused on AI for infrastructure.
- ✓ Strong advocate for digital transformation in the construction industry through AI, automation, and data-driven decision making.

EDUCATION

Bachelor of Civil Engineering
BINUS University
2010 – 2014

LEADERSHIP PHILOSOPHY

I believe the future of infrastructure lies in the combination of human expertise and intelligent technology. My mission is to empower engineers and asset owners with accurate data and smart insights to build a safer, more efficient, and sustainable Indonesia.
